

The world isn't flat. So why are your walls?

Desire is a truly different finish with simplicity and ease of a one coat application combined with the complexity of a multi-layer appearance. Truly seamless and unsurpassed durability makes Desire the newest and most innovative look in wall finishes of our time. The finish can be used on interior and exterior surfaces where there is high traffic or where there are slight imperfections. A selection of 96 colours makes desire even more unique.

All our products are low VOC, non toxic and environmentally friendly.
